

Silent Low-Profile Ceiling Fan

Low profile, high performance exhaust ventilators designed for residential, commercial, institutional and industrial applications. Factory assembled for side discharge for installation in ceilings. Constructed of galvanized steel and a molded white polystyrene, easy-to-clean grille. Hardware and mounting brackets are included.

- Compact size for height-restricted areas
- Aluminum damper prevents unwanted backdrafts
- Vertical electrical access eliminates drilling holes
- Round standard outlet for quick, easy connections

AMCA Sound & Air
Dayton Electric Mfg.
Co. certifies that the
fans shown herein are
licensed to bear the
AMCA seal. The ratings
shown are based on
tests and procedures
performed in
accordance with AMCA
Publication 211 and
AMCA Publication 311
and comply with the
requirements of the
AMCA Certified Ratings
Program.

Performance Characteristics

Air & Sound Performance

Performance certified is for installation type B: Free inlet, Ducted outlet. Performance ratings include the effects of an inlet grille and backdraft damper. Speed (RPM) shown is nominal. Performance is based on actual speed of test. The sound ratings shown are loudness values in fan sones at 5 ft. (1.5 m) in a spherical free field calculated per AMCA Standard 301. Values shown are for installation type B: Free inlet spherical sone levels.
